You can place an Order via the Company’s trading platform. Once your instructions or Orders are received by the Company, they cannot be revoked, except with the Company's written consent which may be given at the Company's sole and absolute discretion.

You place your order request at the prices you see on your terminal/platform and the execution process is initiated. Due to the high volatility of the market as well as the internet connectivity between the customer terminal and the server, the prices requested by the customer and the current market price may change, during this process.

You have the right to use a Power of Attorney to authorize a third person (representative) to act on behalf of you in all business relationships with the Company. The Power of Attorney should be provided to the Company accompanied by all identification documents of the representative. If there is no expiry date, the Power of Attorney will be considered valid until the written termination by you.

The Company uses its reasonable endeavours to execute any order promptly, but in accepting your orders the Company does not represent or warrants that it will be possible to execute such order or that execution will be possible according to your instructions. In case the Company encounters any material difficulty in carrying out an order on your behalf, for example in case the market is closed and/or due to illiquidity in financial instruments and other

market conditions, the Company shall promptly notify you and execute the order at the first best available price.

Orders can be placed, executed, changed or removed only within the operating (trading) time and shall remain effective through the next trading session. Your Order shall be valid and in accordance with the type and time of the given Order, as specified. If the time of validity of the Order is not specified, it shall be valid for an indefinite period.

The Company shall record telephone conversations, without any other warning further to the notification through this Agreement, to ensure that the material terms of a Transaction and/or order placed by the customer and/or any other material information relating to a transaction are properly recorded. Such records will be the Company's property and will be accepted by you as evidence of your orders or instructions. Such monitoring is only carried out to the extent permitted or as required by law and as necessary and justifiable for business purposes.

The Company may require you to limit the number of open positions which you may have with the Company at any time and the Company may in its sole discretion close out any one or more Transactions in order to ensure that such position limits are maintained. The position limits will be notified in advance to you either through the Company's website or trading platforms.

If any underlying asset of the Financial Instrument becomes subject to a specific risk resulting in a predicted fall in value, the Company reserves the right to withdraw the specific financial instrument from the Company's trading platform.

The Company has the right to set control limits in relation to your orders at its own and absolute discretion. Such limits may be amended, removed or added and may include without limitation:

- a. controls over maximum order amount and size;
- b. controls over the electronic systems and/or trading platforms to verify for example your identity during the receipt of the order; or
- c. any other limits, parameters or controls which the Company may deem required to be implemented in accordance with Applicable Regulations.

There may be restrictions on the number of Transactions that you can enter into on any one day and also in terms of the total value of those Transactions. You acknowledge that some markets place restrictions on the types of orders that can be directly transmitted to their electronic trading systems. These types of orders are sometimes described as synthetic orders. The

transmission of synthetic orders to the market is dependent upon the accurate and timely receipt of prices or quotes from the relevant market or market data provider. You acknowledge that a market may cancel a synthetic order when upgrading its systems, trading screens may drop the record of such an order, and you enter such orders at your own risk. You shall refer to the Company's website for details of the restrictions/limits imposed on Transactions performed through its electronic systems and/or trading platforms.

The Client acknowledges and accepts a) the risk of mistakes or misinterpretations in the orders sent through the Trading Platform due to technical or mechanical failures of such means, b) the risk of delay or other problems as well as c) the risk that the orders may be placed by unauthorized persons and agrees to indemnify the Company in full for any loss incurred as a result of acting in accordance to such orders. The Client accepts that during the execution of his order, the Company shall have no responsibility as to its content or the identity of the person placing the order, except for gross negligence, willful default or fraud by the Company.

Best Execution Policy

The Company takes all sufficient steps to obtain the best possible results for its Clients. The Company's "Best Execution Policy" sets out a general overview on how orders are executed as well as several other factors that can affect the execution of a financial instrument. You acknowledge that you have read and understood the "Best Execution Policy", which was provided to you during the registration process and which is uploaded on the Company's website.

The Company considers a range of factors in deciding whether to execute a Client's Order. These include price, costs, speed together with any other consideration relevant to the execution of the order. In determining the relative importance of these factors the Company takes into account the client's status, together with the nature of the order, the characteristics of the financial instruments to which the order relates and the characteristic of the execution venues.

Prior to the selection of an execution venue, the Company considers both qualitative and quantitative criteria. In particular, the pricing and the costs in relation to the execution of Client's orders and the overall impact to the Client is one of the main factors for the selection of an execution venue. Other factors that the Company takes into consideration are, for instance, the speed of processing and likelihood of execution as well as the financial soundness and order execution policy of such venue. The Company also ensures that losses will not exceed the total available funds per Clients' Trading account(s) (negative balance protection).

12. REFUSAL OF EXECUTION OF ORDERS

The Client acknowledges that the Company will have the right, at any time and for any reason and without justification, at its sole discretion, to refuse to execute orders, including, without limitation, in the following circumstances:

1. If the execution of the order aims or may aim to manipulate the market price of the Financial Instruments (market manipulation);
2. If the execution of the order constitutes or may constitute abusive exploitation of confidential information (insider trading);
3. If the execution of the order contributes or may contribute to the legalization of the proceeds of illegal activities (money laundering);
4. If the Client has insufficient funds to cover the purchase of Financial Instruments or if there is insufficient number of Financial Instruments to cover their sale;
5. If the Client fails to fulfill any of his obligations towards the Company under this Agreement;
6. The Company's own exposure levels as set out in the Company's internal policies have been reached in respect of the Financial Instrument or the underlying asset of the Financial Instrument the Client wishes to buy/sell;
7. If the Client seeks to be or became the US Reportable Person or the citizen or resident of Syria, Iran, North Korea or Japan.

Any such refusal by the Company shall not affect any obligation, which the Client may have towards the Company.

13. CLIENT'S MONEY (SAFEGUARDING OF CLIENTS' FUNDS)

Funds belonging to you that will be used for trading purposes will be kept in an account with any bank or financial institution used to hold or deposit funds which the Company will specify from time to time and will be held on clients' denoted accounts under the Company's name. It is noted that the Company's own funds are kept on separate accounts from the clients' funds. It is understood that the Company may hold funds on behalf of you in a bank established and

authorized outside the European Union. The legal and regulatory regime applying to any such bank might be different from the legal and regulatory regime in Cyprus and the European Union and in the event of the insolvency or any other analogous events in relation to that bank, your funds may be treated differently from the treatment which would apply if the funds were held with a bank in an account in Cyprus and the European Union. The Company will not be liable for the insolvency, acts or omissions of any third party referred to in this clause.

By accepting the Agreement, you authorize the Company to make any deposits and withdrawals from the Bank Account on your behalf including, without prejudice to the generality of the above, withdrawals for the settlement of all transactions undertaken under the Agreement and all amounts which are payable by or on behalf of the Client to the Company or any other person.

It is commonly understood that any amount payable by the Company to you, shall be paid directly to you to a bank account the beneficial owner of which is you. Fund transfer requests are processed by the Company on the same day which the request was received or the next working day if the client's request is received outside of normal trading hours and the time needed for crediting into your personal account will depend on your bank account provider. The Company shall ensure that withdrawal requests are processed on the same day which the request was received or the next working day if the client's request is received outside of normal trading hours.

The Company retains a right of set off and may, at its discretion, from time to time and without your authorization, set-off any amounts held on behalf and/or to the credit of you against your obligation to the Company. Unless otherwise agreed in writing by the Company and you, this Agreement shall not give rise to rights of credit facilities.

You have the right to withdraw the funds which are not used for margin covering, free from any obligations from your Account without closing the said Account.

The Company reserves the right to decline a withdrawal request if the request is not in accordance with certain conditions mentioned in this Agreement or delay the processing of the request if not satisfied on full documentation provided.

It is within your terms that any incurring bank fees will be paid by you in case of funds withdrawals from your trading account to your designated bank account. You are fully

responsible for the payment details that you provided to the Company and the Company accepts no responsibility if you have provided false or inaccurate bank details.

You agree that any amounts sent by you in the Company's bank accounts, will be deposited to your trading account at the value date of the payment received and net of any charges/fees charged by the Bank Account providers or any other intermediary involved in such transaction process. In order for the Company to accept any deposits by you, the identification of the sender must be verified and ensure that the person depositing the funds is you. If these conditions are not met, the Company reserves the right to refund the net amount deposited via the method used by the depositor.

The Company reserves the right to decline a withdrawal with specific payment method and to suggest another payment method where you need to complete a new withdrawal request. In the event that the Company is not fully satisfied with the documentation provided in relation to a withdrawal request, the Company can request for additional documentation and if the request is not satisfied, the Company can reverse the withdrawal request and deposit the funds back to your trading account.

In the event that any amount received in the Bank Accounts is reversed by the Bank Account provider at any time and for any reason, the Company will immediately reverse the affected deposit from your trading account and further reserves the right to reverse any other type of transactions effected after the date of the affected deposit.

You agree to waive any of your rights to receive any interest earned in the funds held in the Bank Account where your funds are kept.

For the purposes of safeguarding Client money, according to the applicable legal framework, the Company:

1. Will retain accurate corresponding records distinguishing the Client money from its own as well as that of other Clients.
2. Will conduct on a regular basis reconciliation between its internal accounts and records and those of any third parties by whom those funds are held.
3. Will keep all Client money segregated from its own funds
4. Will not use Client money for its own business purposes
5. Will ensure that Client money deposited into financial institutions is segregated from its own money in clearly identified accounts

The financial institution where segregated client funds will be kept may be within Cyprus or within the EEA. It should be noted that the applicable legislation applied to such financial institutions outside of Cyprus (but within EEA) may be different from the applicable legislation in Cyprus. In the event of insolvency, your funds may be treated differently from any treatment applicable to funds held in segregated accounts in Cyprus.

14. DEPOSITS & WITHDRAWALS

The Client's Trading Account shall be activated upon the deposit of funds.

The Client is able to deposit funds into his account at any time during the course of business relationship. Deposits can be made through a number of methods as specified on the Company's Website, which may be changed at the Company's discretion. When making a deposit, the Company shall credit the Client's Trading account with the relevant amount.

The Company prohibits third party or anonymous payments into the Client's trading account. Only funds sent from an account held in the Client's name and belonging to the Client are acceptable. The Company reserves the right at its discretion, if it has identified third party or anonymous deposits, to block the account. The Client should note that any remaining funds will be returned to the third-party source via the same payment method and any profits accumulated by the Client using third party or anonymous funds will not be made available to the Client.

The Company reserves the right to request documentation to confirm the source of funds deposited into the Client's account in accordance with its legal and regulatory obligations.

Once a withdrawal request has been submitted, it will be processed on the same day or next business day if the request was received outside of normal trading hours. Once the request has been approved, please allow an additional 3-7 days for the funds to show in your account.

. The client will be duly notified by email regarding the cancellation of his/her withdrawal request. The Company will process withdrawals upon receiving a request through the Client's platform or via e-mail. When requesting a withdrawal, the Client should note that the withdrawal of funds will be sent back to the same account via the same method from where the initial deposit was received. The Client is able to request any profit (above his deposit amounts)

through other available methods, as long as the account the withdrawal is to be made belongs to the Client.

Withdrawals can only be requested to accounts in the Client's name. No withdrawals will be processed to third party or anonymous accounts.

15. PRICING

The Company will quote prices at which it is prepared to deal with you. Save where:

- (a) The Company exercises any of its rights to close out a Transaction; or
- (b) a Transaction closes automatically,

it is your responsibility to decide whether or not you wish to deal at the price quoted by the Company. The Company's prices are determined by the Company in the manner set out in the enclosed terms.

Each price shall be effective and may be used in a dealing instruction prior to the earlier of its expiration time and the time, if any, at which it is otherwise withdrawn by the Company. A price may not be used in a dealing instruction after such time. Each price shall be available for use in a dealing instruction for a transaction with a principal amount not to exceed a maximum determined by the Company. You acknowledge that these prices and maximum amounts may differ from prices and maximum amounts provided to other customers of the Company and may be withdrawn or changed without notice. The Company may in its sole discretion and without prior notice to you immediately cease the provision of prices in some or all currency pairs and for some or all value dates at any time.

You agree to be fully and personally liable for the due settlement of every transaction entered into under your account with the Company.

The Company has the right to cancel a transaction if it has adequate reasons/evidence to believe that one of the following has incurred:

- a. Fraud/illegal actions led to the transaction,

- c. The Company has not acted upon your instructions.
- d. The Transaction has been performed in violation to the provisions of this Agreement.

The Company offers clients the ability to cancel trades within 3 seconds of opening the position, if they find the position to be undesirable.

17. LAWS AND MARKET REGULATIONS

All transactions of the Client shall be subject to the laws, which govern the establishment and operation, the regulations, arrangements, directives, decisions, circulars and practices (jointly referred to as “the Laws and Regulations”) of the CySEC and any other authorities which govern the operations of Investment Firms, as they are amended from time to time.
